Table of Contents: Volume 5, 1995

Number 1

The Challenge of Change—Opportunities and Obstacles in Deploying Information Technology ..... *H. T. Yeh* 5

An Integrating View on the Viewing Abstraction: Contexts and Perspectives in Software Development, AI, and Databases ..... *Renate Motschnig-Pitrik* 23

A Browser of Supporting Vague Query Processing in an Office Document System. ..... *Qianhong Liu and Peter A. Ng* 61

Number 2

An Integrated Materials Information System for Infrastructure Planning..... ..... *Kenneth C. Hoffman* 91

Shape Disassembly Using Generating Merging Probability .. *D. C. Douglas Hung* 107

Object-Oriented Query Language Access to Relational Databases: A Semantic Framework for Query Translation .... *Susan D. Urban and Taoufik Ben Abdellatif* 123

An Intelligent Assistant for Requirements Validation .. *Balasubramaniam Ramesh* 157

Number 3

Integrated Systems I: Design Principles..... ..... *P. A. D. de Maine, K. D. Bradley, W. H. Carlisle, and W. B. Dress* 187

Integrated Systems II: Multi-tier Interfaces for Integrating Families of Systems ... . *P. A. D. de Maine and K. G. Price* 201

A Parallel Logic Language for Transaction Specification in Multidatabase Systems ..... *Eva Kühn, Ahmed K. Elmagarmid, Yungho Leu, and Noureddine Boudriga* 219

An Interface Between Object-Oriented Databases and Relational Databases..... ..... *Chin-Wan Chung* 253

Number 4

Special Issue: Reengineering of Computer-Based Systems
Guest Editors: Lonnie R. Welch and Mark Wilson

Guest Editors' Introduction ..... *Lonnie R. Welch and Mark Wilson* 283

Software Reengineering for Complex Systems .....
..... *R. D. Semmel, A. Kossiakoff and M. R. Hall* 285

Applying the System Engineering Environment to the Reengineering Process ....
..... *George Krasovec and Steven Howell* 309

The USAF Software Technology Support Center: Repository of Software
Reengineering Information..... *Michael R. Olsem* 337

Studies in Software Reengineering: Capturing Navy Legacy Software .....
..... *Judith A. Haney* 349

Experiences with CMS2-to-ADA Translation Tools .....
..... *Mark Wilson and Gil Myers* 361
